## Invoice Terms

Ask about our extended warranties!

Our part warranty is 45 days unless otherwise specified. Engines and transmissions must be installed by a qualified shop or certified mechanic. Failure to complete all of the requirements shown on the installation tag attached to every engine, transmission, transfer case, carrier or axle assembly we sell will void the warranty. Failure to follow manufacturer's maintenance guidelines including recommended fluid types will void the warranty. A 25% handling charge will apply on all parts returned due to wrong information given to Redmond's Auto Parts. All defective parts will be refunded or replaced if returned within 45 days of purchase. Absolutely no warranty on labor. All claims and core refunds must be accompanied by an original receipt. No returns on disassembled or overheated parts. Deposits are forfeited after 21 days. Cores must be complete, drained of all fluids and returned within 31 days for a full refund.
